## Important notes for those planning to apply to MSU Bozeman's BSN Program:

Advising is available for students in their Pre-Nursing Program. However, students are solely responsible for meeting requirements and determining the classes that they will need for graduation.

Through arrangement with the College of Nursing at Montana State University Bozeman, Montana State University Billings offers approved pre-requisite courses for nursing students. The MSU Bozeman Nursing program is divided into lower division and upper division course work. Upon successful completion of the required lower division course work, nursing students begin their upper division courses (junior and senior) at Bozeman or an MSU Bozeman upper division campus site in Billings, Great Falls, Missoula or Kalispell.

#### Nursing Advisor MSU Bozeman:
