

Academic Foundations Committee  
Minutes

January 20, 2009

Present:	Oliver Chen	Mark Hardt
	Dan Lennon	Richard Pierce
	Jane Howell	

Absent:

It was cited that NWCCU would most likely approve this format if the disciplines took seriously the criteria for the student projects.

- Motion by Dan Lennon, seconded by Jane Howell that capstone courses should:
  1. Demonstrate both a general and specific knowledge of the field or academic area,
  2. Be composed in a formal and professional format, and
  3. Serve as exemplars to students who subsequently enter the discipline at this University.

A capstone course with these requirements will serve as the second/upper level assessment of Academic Foundations.
