**General Education Committee
Minutes**

March 28, 2018

Hello GEC Members,

The College of Business has returned with revised paperwork to make changes to BMIS 150. They have requested to get this course change approved in time for Summer 2018, so we will vote electronically on Item 52.a, which replaces the earlier proposal.

Item 52.a BMIS 150 Computer Literacy. Change title to Cyber Security & Electronic Communication and change course description.

Attached you will find the Item as well as additional information about how the course fits in Gen Ed.

Please either use the voting buttons above or reply to me with your vote to approve or reject. There
