

General Education Committee

General Education Committee  
Minutes

February 24, 2020

Present: Tien Chih  
Melinda Tilton

Bernie Quetchenbach

the Academic Senate. What is changed and how we change it is ultimately up to the GEC and the Senate. It was noted that changing too many things, especially of FTE is impacted. The strategic planning subcommittee will share any articles on the integrative model of Gen Ed.

Kathleen Thatche noted that NWCCU's revised guidelines talk about institutional outcomes rather than Gen Ed. They have said many times that many institutions have way too many outcomes. A good number of institutional outcomes is somewhere between six and twelve. We could make Gen Ed our institutional outcomes.

The meeting adjourned at 4:26.

Respectfully submitted, Rita J. Rabe Meduna.
