I. ITEMS – FIRST READING

Item 57 CSTN 136 Rigging and Metal Buildings. Deleted.

Item 57.a CSTN 201 Advanced Concrete Working. Deleted.

- Motion by Brian Gurney, seconded by Ying Wang, to approve **57.d on first reading.**

Tim Starns, Construction Program, stated that CSTN 136 doesn't really fit into the Construction Technology-Carpentry program. The new course CSTN 272 is being added to the program because of the demand. Terry Madtson, Construction Program, stated that Concrete Working is being removed from the program because the students can do concrete with the first year of the program they can actually do. So the advanced course is not needed. Mr. Madtson also mentioned that in the program, all the students make presentations to demonstrate their skills.
